

Help keep Albany's beach clean

Volunteers are needed everyday at the Albany Waterfront to pick-up the trash that washes down our City's streets before it flows out into the Ocean and then into the Pacific Gyre. Bring your own bucket, bags and gloves and go to the Shoreline- you will be shocked at the amount of litter you will find.

Can't make it to the the Albany Shoreline? Then go to your own street's storm drain and rake-out the trash before it goes into the creeks and into the Bay. You can start making a difference today; pick-up just 10 pieces of trash a day or adopt a 10 ft stretch of land and kept it litter free!

Earth Day Shoreline Clean-up Saturday, April 24

9 am-noon

Meet at the foot of Buchanan Street
(at Albany's Waterfront)

Want to learn more about Albany's Waterfront? Visit www.voicestovision.com to explore the history, see current and historical maps of the area, as well as, information about the Waterfront's future.

Albany's Volunteer Corps was designed to match qualified volunteers with various City departments in need of assistance for special projects, events and day-to-day tasks. Volunteers gain hands-on experience in City government, serve their community, develop a sense of community pride, enhance the City's programs in a cost-efficient manner, establish a sense of teamwork and meet other community members.

Listed here are some of the events and projects where you can lend a hand throughout the summer. For more information and specifics about items listed contact Chelle Putzer at (510) 559-7218 or cputzer@albanyca.org.
