

# City of Albany On-Call Bulky Pickup Event

The Bulky Pickup Event, traditionally scheduled for the month of June, has been transitioned into an On-Call Event.

This means that Albany residents may schedule a pickup at their convenience any time throughout the year. The on-call event will allow for more flexibility in scheduling a pickup, as well as better servicing of bulky materials by Waste Management.

## **Follow these easy steps to schedule your on-call bulky pickup:**

1. Contact Waste Management of Alameda County at **(510) 613-8710** and schedule a bulky pickup.
  - a. Appointments are scheduled approximately 2-weeks from the time you call.
  - b. A confirmation and guidelines regarding setout and acceptable materials will be provided once a pickup is scheduled.

Note: Residents are allowed one on-call bulky pickup per year at no additional cost; additional pickups are subject to charge.
