Get your gear up and ready to celebrate the International Walk and Bike to School Day on Wednesday, October 7, 2009! There will be snacks and fruit at your elementary school. If you bike to school every day, congratulations! You are helping yourself and the environment. If you do not bike or walk to school everyday, there are ways you can reduce pollution and traffic around the schools, like parking a couple of blocks away and walk to your school. If you have the option, just try walking, biking or scooting that day and you will be joining a growing community of children around the world who walks and rolls to school. Come on, let’s do it!
