ORDINANCE NO. 10-01
AN ORDINANCE OF THE ALBANY CITY COUNCIL AMENDING
CHAPTER XII, BUILDING AND HOUSING
TO INCLUDE REGULATIONS ADOPTING
THE CALIFORNIA WATER EFFICIENT LANDSCAPE ORDINANCE

WHEREAS, landscapes are essential to the quality of life in California. They provide areas for recreation, enhance the environment, clean the air and water, prevent erosion, offer fire protection and replace ecosystems lost to development.

WHEREAS, California's economic prosperity and environmental quality are dependent on an adequate supply of water for beneficial uses. In California, about half of the urban water used is for landscape irrigation. Ensuring efficient landscapes in new developments and reducing water waste in existing landscapes are the most cost-effective ways to stretch our limited water supplies and ensure that we continue to have sufficient water for California to prosper; and

WHEREAS, The Water Conservation in Landscaping Act of 2006 (Assembly Bill 1881, Laird) requires cities, counties, and charter cities and charter counties, to adopt landscape water conservation ordinances by January 1, 2010. Pursuant to this law, the Department of Water Resources has prepared a Model Water Efficient Landscape Ordinance for use by local agencies.

WHEREAS, the Model Ordinance was approved by the Office of Administrative Law on September 10, 2009; and

WHEREAS, on February 9, 2010, the Planning and Zoning Commission reviewed the draft ordinance and recommended City Council approval of the draft ordinance; and

WHEREAS, the proposed ordinance does not involve a commitment to or require a significant physical change in future projects, and thus is not a "project" as defined by California Environmental Quality Act (CEQA) Guidelines Section 15378; and

WHEREAS, on February 16, 2010, the Albany City Council held a duly noticed public hearing on the draft ordinance to amend Chapter XII adopting the California Building Code; and
NOW, THEREFORE, THE ALBANY CITY COUNCIL DOES HEREBY
ORDAIN AS FOLLOWS:
