PROJECT DESCRIPTION

The proposed chapel is intended to serve as a focal point for the campus, symbolizing the faith life and the mission of the school and emphasizing the religious beliefs and values of the school community. Since the demolition of De La Salle Hall 35 years ago, the school has been without a chapel, which has made it necessary to use classrooms, Shea Center, and the gymnasium/auditorium for the religious functions that are integral to Saint Mary’s mission. The chapel will be a space for worship, religious services, quiet prayer and meditation, religious instruction and a place for the Blessed Sacrament. The proposed floor area is the size needed to allow gatherings of up to 200 people, which is equivalent to students from one grade level and a few guests.
