The Event ticket price is $40.00/day at door ($60/2day online) and approximately 4,000-8,000 people are expected to attend the Event over the course of the 2 days.

III. PROTOCOL

This section describes the guidelines under which security operates and reflects the policies in place during The Event.

All security personnel are uniformed. Security will be augmented by event “ushers,” who will be posted at inside & outside locations, wearing event staff t-shirts. Ushers will report any incidents or potential incidents to uniformed security or police.

Vapor Room will have separate security positioned to prevent entry by individuals other than Prop 215 Medical marijuana patients; everyone will be screened to verify they are valid patients prior to admittance – they must produce a valid California medical card and a valid state picture ID. The medicating areas consists of one nonsmoking interior vapor dome and one fenced-in and screened outdoor area which, as part of the trade show, will house @ 40+ trade booths. Both areas will be highly patrolled. It is required that people smoking medical marijuana be in the Prop 215 outdoor area.

RULES

AGE MINIMUM: 18 for Event; 21+ for consumption of alcoholic beverages. Security will pre-screen persons prior to entry into the venue. Everyone is required to have ID. Underage persons will not be granted entry. Venue is responsible for checking 21 and over IDs for the consumption of alcohol. Anyone consuming medical marijuana must have valid California patient ID; and a California picture ID. All medical marijuana use is strictly limited to designated Vapor Room and outdoor Prop 215 area.
NO FOOD OR BEVERAGE may be brought into the building
NO GLASS CONTAINERS
NO OPEN CONTAINERS
NO DRUGS (except valid prop 215 patients with their recommended medication)
NO SALE, OR DISTRIBUTION OF CANNABIS (dispensaries will exhibit cannabis)
NO ALCOHOL OUTSIDE THE BUILDING
NO SMOKING INSIDE – THERE WILL BE OUTDOOR SMOKING AREAS
NO IN AND OUT PRIVILEGES WITHOUT WRISTBAND
NO VIDEO CAMERAS (except authorized press - still cameras are permitted)

SCREENING: no hard objects that could be used as weapons are permitted in the event. Security determines whether items are confiscated and returned, or not returned. If confiscated items are to be returned, a stub for pick-up is issued.

CREDENTIALS

All consumers enter on one side of the building. (see map) There will be consumer credentials issued during the Event. A ticket-holder buys or presents his/her ticket, ticket takers scan it, takes it, and they gain entry. Credentials will be issued to consumers specifically to differentiate GAs and VIPs. General Admission ticket-holders receive one color wristband, VIP ticket-holders another color wristband. This makes consumers authorized with VIP access easier to differentiate. It also curtails people from sneaking in off the Bay Trail. Also to access the Prop 215 area additional wristbands will be issues once credentials are presented and approved – no entry to this area without Prop 215 wristband.

There are four types of non-consumers that receive wristbands. They include vendors, talent, staff, and press. All four of these enter on the restaurant side - the opposite side from consumers. They receive specific colors of wristbands.

RADIOS

The event uses a liberal quantity of radios. All security supervisors and all security personnel and production personnel whose posts are roving in nature will have radios. Emergencies could be defined as those incidents or situations that require outreach to police, fire, medic, or the facility’s maintenance.

COMMAND CENTER

The security command center is the dispatch area. It dispatches security personnel to cover posts or chaperon consumers when there has been an incident. It identifies trends and can make any needed adjustments. In addition the Command Center houses the Lost and Found, is available for police comments and interface and is the location for the preparation of incident reports (see next item). The site of the Command Center is not yet determined, but it should be a secure area, near the primary consumer entry, or located across the street from the Pavilion in a secure area.
INCIDENT REPORTS

Each sector of the event has an Area Supervisor. When a security officer engages a situation requiring an incident report, the appropriate Area Supervisor is contacted – all are on radio. The supervisor writes up the report, goes to dispatch to file it. Each incident report relates the type of incident (intoxication, theft, etc.), the details of the specific occurrence and the nature of the resolution. If there is any injury involved it is automatically reported to police and medical. We recognize that police may wish to set guidelines and parameters for which incident reports require their notification and we will comply.

MEDICAL PLAN

Medical services are to be provided. All event and security staff will know the location of the medical team. There will be cots, blankets, water and other medical supplies located at the medical center, for patients not requiring medical evacuation.

These enclosed and secure areas will be utilized for Prop 215 Medical Marijuana patients to consume their recommended medication. There will be no sales, distribution or donations of marijuana at the Event. Licensed Dispensaries would exhibit cannabis. Qualified patients may receive doses of medicine from their respective collectives. No money or contribution is exchanged for that sample. Only one entrance per Vapor Room or outdoor medicating area with staff positioned to prevent entry by anyone other than Prop 215 Medical Marijuana patients with valid state ID. All medical marijuana consumption must be contained within the designated Vapor Room and outdoor Prop 215 area.

VIII. OUTER PERIMETER

HIGH TIMES Medical Cannabis Cup

HIGH TIMES Cannabis Cup (California)
A 2-day trade show/EXPO incorporating vendor booths either inside a main building with an extended outdoor component or the entire event can be run out of doors.

Booths that typically prefer indoors or tented areas range from glassware and clothing to grow equipment and artwork. Also the non-profit booths are in this area. Also in an enclosed area we feature 3 seminars per day. The seminar topics include legalization regulations featuring California experts, current political issues, grow seminars with HIGH TIMES editors as well as a cooking seminar from our own Cannabis Cookbook author.

The outdoor component is the Medicating area, typically a fenced off area with privacy screening, not visible to the general public - as CA law states. Medicating (cannabis smoking) is allowed in this area for those with a CA issued medical card and a CA picture ID, must be 21+, these attendees are checked and wrist banded. Security is posted to assure these regulations are followed. The vendors in this area range from seed companies and CA dispensaries to clothing companies and grow equipment companies as well as the myriad of new cannabis-related companies (health/beauty, insurance, travel, non-smoking apparatus...) being established every day.
No selling or distributing of cannabis is allowed.

The entire event is protected by outside hired security. Every security company we're hired for these events has stated that we have the most polite and respectful attendees of any events they've work (including sporting events, concerts etc.). The event is a celebratory and informational gathering for vendors and patients.

History:

The first US Medical Cannabis Cup was inaugurated in San Francisco, June, 2010. The US Cup was patterned after the HIGH TIMES Cannabis Cup in Amsterdam, the #1 global Cannabis Expo. In 2014 the Amsterdam Cup was celebrating its 27th year.

Since 2010 the US HIGH TIMES Cannabis Cup has had successful events in the following locations (all locations below have Cup events scheduled in 2015 also):
