which bonds are currently outstanding in the principal amount of $4,675,000; and

WHEREAS, an opportunity now exists for the City to refinance the outstanding
2004 Bonds at lower interest rates through the issuance of Sewer Revenue Refunding
Bonds (the “Refunding Bonds”); and

WHEREAS, owing to the size, term, and structure of the Refunding Bonds, the
City has determined that the issuance of Refunding Bonds via a direct private placement

WHEREAS, the Bank has submitted a proposal to purchase the Refunding Bonds

the Refunding Bonds.
Section 2. The City approves the Term Sheet in the form attached hereto as Exhibit A, with such changes as the City Manager or the Director of Finance & Administrative Services may approve, so long as the true interest cost and final maturity date of the Bonds is such that the net present value savings produced by refinancing the 2004 Bonds is not less than 5.00% of the par value of the 2004 Bonds being refinanced.

Section 3. All actions of the officers, agents, and employees of the City that are in conformity with the purposes and intent of this Resolution taken before the adoption hereof are hereby ratified, confirmed, and adopted.
