RESOLUTION #08-58

A Resolution of the Albany City Council supporting Albany Little League Ball fields

WHEREAS, the Albany Little League Fields are part of Albany’s history and heritage; and

WHEREAS, Albany Little League Fields are important into the future to support healthy activities for the children of Albany; and

WHEREAS, Albany needs more sports fields rather than fewer to support active and healthy recreation; and

WHEREAS, timing of any field relocation or replacement is critical to avoid the loss of playing time or seasons; and

WHEREAS, the Albany Little League has invested its resources into fields at University Village for more than 50 years; and

WHEREAS the City of Albany wishes to make clear our support for and commitment to maintaining active recreation that is provided by the Albany Little League;

NOW, THEREFORE BE IT RESOLVED, that the City of Albany supports Little League Ball Fields and will not pursue grants or support funding for a Codornices Creek restoration, trail project, or related project that decreases the capacity of the Little League Fields for Little League games and practices, unless the project provides for replacement fields and/or capacity without loss of use time during the Little League baseball season.
