PROJECT DESCRIPTION (Please attach plans)

The project proposes to demolish the existing vacant garden center and replace it with additional sidewalk, landscape area and parking stalls. The garden center will be removed and the existing facade of the building will be restored so as to blend with the currently exposed portions of the facade. Where the garden center is currently, the parking field will be expanded to add 21 additional stalls along with landscape islands and pedestrian walkways to provide comfortable walking access from the store entry to the new parking area.
