## Supplementary Height Regulations for Fences, Walls, & Hedges on Corner Lots

1. Height regulations for fences, walls, and hedges in the front yard of a corner lot are the same as those for the front yard of interior lots.
2. Height regulations for fences, walls, and hedges in the street-side side yard of a corner lot are illustrated in the diagram below:

Shaded areas are 3' height-restricted (no fences, walls, or hedges taller than 3' in this ar-

- A 10' "vision triangle" must be maintained around a driveway on the street-side side yard of a corner lot.
- A 25' "vision triangle" must be maintained around the street-side corner of a corner lot.
