ORDINANCE NO. 2019-04

AN ORDINANCE OF THE ALBANY CITY COUNCIL AMENDING CHAPTER 5 OF THE ALBANY MUNICIPAL CODE, SECTION 5-24, TOBACCO RETAILER LICENSE TO PROHIBIT THE SALE OF FLAVORED TOBACCO PRODUCTS

WHEREAS, tobacco use remains a leading cause of preventable death in the United States, and tobacco use can cause or contribute to many forms of cancer, as well as heart disease and respiratory diseases, among other health disorders; and

WHEREAS, the federal Family Smoking Prevention and Tobacco Control Act (FSPTCA), enacted in 2009, prohibited candy and fruit-flavored cigarettes, largely because these flavored products were marketed to youth and young adults, and younger smokers were more likely to have tried these products than older smokers; and although the manufacture and distribution of flavored cigarettes (excluding menthol) is banned by federal law, neither federal nor California laws restrict sales of flavored non-cigarette tobacco products, such as cigars, cigarillos, smokeless tobacco, hookah tobacco, and electronic smoking devices and the nicotine solutions used in these devices; and

WHEREAS, flavored non-cigarette tobacco products have become increasingly common and are available in a variety of flavors that appeal to children and young adults, including apple, cherry, chocolate, grape, peach, strawberry, and vanilla; and

WHEREAS, the U.S. Food and Drug Administration and the U.S. Surgeon General have stated that flavored tobacco products are considered to be “starter” products that help establish smoking habits that can lead to long-term addiction; and
WHEREAS, data from the National Youth Tobacco Survey indicate that more than two fifths of U.S. middle and high school smokers report using flavored little cigars or flavored cigarettes; and

WHEREAS, tobacco companies have used flavorings such as mint and wintergreen in smokeless tobacco products as part of a “graduation strategy” to encourage new users to start with products with lower levels of nicotine and progress to products with higher levels of nicotine; and

WHEREAS, the City Council held a public hearing on September 4, 2018 to consider introduction of an ordinance prohibiting the sale of flavored tobacco products within the City of Albany; and

WHEREAS, at the public hearing the City Council received testimony about possible impacts on local retailers and decided to gather more information about the topic before proceeding further; and

WHEREAS, at its meeting on December 3, 2018, the City Council conducted a study session on the proposed ordinance and received detailed testimony from experts on the negative public health impacts of flavored tobacco products; and

WHEREAS, among other things the expert testimony demonstrated the following:
Youth are more attracted to flavored tobacco products than adults, and advertising of these products is targeted toward younger age groups; Flavored tobacco products are a gateway to smoking cigarettes; Adults likely purchase these products for underage youth, even if retail businesses do not sell them directly to underage youth; When vaping, users inhale large doses of nicotine, as well as flavorings which can cause respiratory illnesses; Flavorings may be safe for oral consumption, but not safe for inhalation; although flavored tobacco products may potentially help some adults who are addicted to smoking transition to less harmful sources of nicotine, it is
also possible that they will continue using both regular cigarettes and electronic cigarettes; African-Americans are particularly vulnerable to suffering adverse health effects from flavored tobacco products; Protecting underage youth from becoming addicted to nicotine is an overriding public health priority; and

WHEREAS, in public statements issued on September 12, 2018 and March 13, 2019, the United States Food and Drug Administration described recent dramatic increases in e-cigarette use among middle and high school students as an epidemic which runs the risk of addicted an entire generation of our youth to nicotine; and

WHEREAS, after duly considering all the information presented at the September 4, 2018 public hearing, the December 3, 2018 study session, and the April 1, 2019 public hearing, the City Council has determined that it is in the public interest to prohibit the sale of flavored tobacco products within the City of Albany to help minimize the availability of these products to our youth.
